## Scholarship Committee News

I was most fortunate to be able to **spend the holidays with my children and grandchildren**. We laughed a lot and had some pretty interesting and meaningful conversations in the pool and after dinner, **sipping Shirley temples and strawberry margaritas**. It was very special to spend quality time with them.

Living here in Citrus Hills, we do not have the opportunity to see children often, except if you go to Publix in the afternoon, or perhaps to get ice cream on the weekend. But there are many children living here in our county. Some of them are doing fine. Many of them are not. Because we don't see them often in our neighborhoods, we can forget about them.

**Life is definitely different for the children of 2024** than it was when my children were growing up. It's different for those who are doing well and those who struggle. There are **new stresses for both parents and their offspring**. A significant number of families in our county are living in poverty and/or in abusive homes. Family life has changed for many, work has changed, and social media has virtually transformed the conversation between a child and his family and a child and his friends. **If indeed there is any conversation!**

Most of the changes for teenagers are not new. They are still physical, cognitive, and social. It is the environment we are living in, however, that has changed. Our children are living in a fast-paced, perpetually plugged in world, and this sets the tone for everything they experience. **What do we want from them and how can we help them?**

We want our children to **grow up to have meaningful, satisfying lives**, to have a strong work ethic and to leave our country better than they found it. We want them **to be honest, kind, empathetic, and have a sense of responsibility**. And we would like them to be generous with time and possessions, and have patience, humility, and self-esteem. That is a lot! What can we do to support them?

**We can support the idea that every child deserves a strong education that will prepare him or her to participate meaningfully in our society, whether it be in the trades or the professions, whether it be in supporting roles or leading roles**. Even though we don't always see the children, they need us. We need to do what we can to motivate them to become productive members of our society.

**Being an active and contributing member of the CHWC's scholarship efforts is one way to make a difference**. We are proud to announce that we

raised \$460 in scholarship donations at the January luncheon, bringing our total donations for the club year thus far to \$1,640. We thank you for your generosity and ask that you continue to support our efforts at the upcoming fundraisers and events. **Our \$100 Scholarship Raffle winner in January was Claire Lindley. Congratulations, Claire!**

## Member Support Committee News

In the past month the Committee sent cards to **Annie Haas, Mary Stansfield, Jean Petruska, and Del Gillespie's husband Charley.** A sympathy card was also sent to **Lorraine Snyder** in memory of her husband Jerry. A memorial donation was made in his name to the American Kidney Fund.

If you know of someone who needs a bit of sunshine whether it is a card or a call, please contact **Pam Brink** at (352)513-4120 or [pambrink49@gmail.com](mailto:pambrink49@gmail.com) or **Marcia Porterfield** at (734)223-2026 or [porterfield1921@gmail.com](mailto:porterfield1921@gmail.com)

Each month at the luncheon there is a clipboard where members can write down the name of someone who needs a card or call. That is another way you can let the member support team know that someone needs a bit of sunshine.

At the January luncheon **Bette June Egan** shared "**The Prayer of Peace**" written by Helen Steiner Rice from **The Poems and Prayers of Helen Steiner Rice.** Thank you Bette June for sharing these words of inspiration with us. They are much appreciated.

*Happy Valentine's Day!*
